Regarding All Grade Levels:

Please check your child’s supplies periodically throughout the year.

*An assignment notebook will be provided for you. You will need to purchase a replacement if it is lost.

****We ask that each child have a calculator. The blue TI 108 model can still be used, but because of the increased rigor of the curriculum, we encourage students to purchase the model that will be used at the middle school. The middle school recommends purchasing the TI-30XIIS model, but most models with a root key and an “S” in the model code, will work. The school will NOT have these models for sale. Please mark the calculator with your child’s name in permanent marker.**

****We are asking each child to have headphones for consistency. We have made arrangements to make the headphones available for \$7.00 to purchase at Open House or if you prefer send the money on the first day of school and we will see your child gets one. Please mark it with your child’s name in permanent marker.**
